### **7510. USE OF SCHOOL FACILITIES**

The Board of Education believes that the school facilities of this district should be made available for community purposes, provided that such use does not interfere with the educational program of the schools.

The Board will permit the use of school facilities when such permission has been requested in writing and has been approved by the Superintendent of Buildings and Grounds, except that the Board reserves the right to withdraw permission after it has been granted.

In weighing competing requests for the use of school facilities, the Board will give priority to the following uses, in the descending order given:

1. Uses and groups directly related to the schools and the operations of the schools, including pupil and teacher groups;
2. Uses and organizations indirectly related to the schools, including the P.T.A.;
3. Departments and agencies of municipal government;
4. Community organizations formed for charitable, civic, social, or educational purposes;
5. Governmental agencies generally;
6. Community church or religious groups;

The use of school facilities will not be granted:

- to any commercial or profit-making organization, other than those run as summer programs/camps by current Haddon Township faculty or coaches;
- for partisan political activity;
- for private social functions; or
- for any purpose that is prohibited by law.

Each user shall present evidence of the purchase of organizational liability insurance to the limit prescribed by district regulations. Users shall be financially liable for damage to the facilities and for proper chaperonage. All activities must terminate by 11:00 p.m.

Use of school equipment in conjunction with the use of school facilities must be specifically requested in writing and may be granted in accordance with Policy No. 7520. The users of school equipment must accept liability for any damage or loss to such equipment that occurs while it is in their use, regardless of any assignment of negligence. Where rules so specify, no item of equipment may be used except by a qualified operator.

The Board shall approve a schedule of fees for the use of school facilities based upon the following guidelines:

1. The use of school facilities for activities directly related to the educational program and district operations shall be without cost to the user except that the user shall be responsible for any custodial costs incurred by the use and any fees charged by a law enforcement agency in connection with the use.
2. All other organizations or persons granted the use of school shall pay in advance the scheduled fee and the cost of any additional staff services required by the use.

The Superintendent shall develop regulations for the use of school facilities; such regulations shall be distributed to every user of the facilities and every applicant for the use of school facilities. Permission to use school facilities shall be granted only to persons and organizations that agree in writing to be bound by these regulations.
