

## Haddon Township

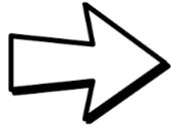

## Quarantine Guidelines

**You are a person with Covid-like symptoms.**

**Quarantine for 14 days, unless you test negative using a PCR.**

**You live in the same house as a person with Covid-like symptoms.**

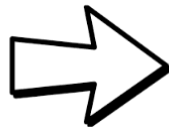

**Quarantine for 14 days unless the sick person tests negative.**

**You live in the same house as a person who has tested positive for Covid.**

**Quarantine for the “10 day quarantine period” of the positive person, then an additional 14 days, for a total of 24 days.**

**You are a close contact of a Covid positive person OUTSIDE of your home.**

**Quarantine 14 days from the last day of contact.**

**You have traveled outside of New Jersey, Pennsylvania, New York, or Delaware, for MORE than 24 hours.**

**Quarantine for a full 7 days after you return, and return with a negative PCR. If you choose not to test, quarantine for a full 10 days. Remote learning will be available after returning from travel.**

\*\*\* Please note that individuals who are **FULLY** vaccinated will **NOT** have to quarantine if they are a close contact of a positive case, **UNLESS** they develop symptoms. Please forward a copy of any completed CDC vaccination cards to your child's school nurse! Thank you.
